## GENERAL INFORMATION

### A.1 TYPE OF CONTRACT

This is a Firm Fixed Price (FFP) task order.

### A.2 SERVICE REQUIREMENTS

The outcomes to be achieved are [REDACTED] Construction Manager and [REDACTED] Construction Engineering Technicians (ETs) to provide contractor services and deliverables through performance of independent Construction Management (CM) and Engineering Technician (ET) support services at NAS Corpus Christi, Texas. [REDACTED]

[REDACTED] These knowledge-based services will be procured as a task order utilizing the SeaPort-e multiple award, indefinite delivery, indefinite quantity contracts. NAVFAC SE Capital Improvements Business Line is responsible with the enforcement of construction contract provisions, specifically the quality control and safety requirements. Personnel providing quality assurance support recommend approval of work in accordance with contract terms and have the authority to stop any portion of the construction contractor's work that poses an imminent danger to personnel, equipment, or property. Specific support services for the ETs will be stated in the Performance Work Statements (PWS). The outcomes for this acquisition are consistent with the FAR 37.101 definition of service contracts.

### A.3 COMPETITION ENVIRONMENT

This contract was solicited as 100% Small Business set-aside.

Only those contractors containing a SeaPort-e IDIQ MAC in the Gulf Coast Region were considered for this procurement.

### A.4 NAICS CODE

The NAICS code is 541330, Engineering Services.

### AWARD A.1 PROPOSAL INCORPORATION

ASR International Corporation's proposal dated 8 June 2018 is hereby incorporated into this task order.

## SECTION B SUPPLIES OR SERVICES AND PRICES

## SECTION B

### B.1 FULLY LOADED PRICING

All pricing is fully loaded. No other allocations, fees, O/Hs, G&A, and profits will be applied when an option is exercised.

### B.2 CLIN PRICING BASIS:

The pricing structure includes nine Contract Line Item Numbers (CLINs) for each period of performance. For the base period of performance, the following summary is provided:

- CLIN 8000 – Construction Engineering Technician [REDACTED] – Proposed pricing based on [REDACTED] 8-hour workdays
- CLIN 8001 – Construction Engineering Technician [REDACTED] – Proposed pricing based on [REDACTED].
- CLIN 8002 – Construction Engineering Technician [REDACTED] – Proposed pricing based on [REDACTED] 8-hour workdays
- CLIN 8003 – Construction Engineering Technician [REDACTED] – Proposed pricing based on [REDACTED].
- CLIN 8004 – Construction Manager – Proposed pricing based on [REDACTED] 8-hour workdays
- CLIN 8005 – Construction Manager - [REDACTED] – Proposed pricing based on [REDACTED].

- CLIN 9000 – Construction Engineering Technician [REDACTED] as allowed by PWS – Proposed pricing shall be [REDACTED] for the [REDACTED] CLIN
- CLIN 9001 – Construction Engineering Technician [REDACTED] as allowed by PWS – Proposed pricing shall be [REDACTED] for the [REDACTED] CLIN
- CLIN 9002 – Construction Manager - [REDACTED] as allowed by PWS – Proposed pricing shall be [REDACTED] for the [REDACTED] CLIN

Each option period is based on the same pricing structure above. The first option period includes CLINs 8006, 8007, 8008, 8009, 8010, 8011, 9003, 9004 and 9005; the second option period includes CLINs 8012, 8013, 8014, 8015, 8016, 8017, 9006, 9007, and 9008.

### B.3 UNIT PRICE ADJUSTMENTS IN OPTION PERIODS:

This contract incorporates the Service Contract Labor Standards. In accordance with subparagraph (b) of the Fair Labor Standards and Service Contract Labor Standards —Price Adjustment Clause offerors shall not include escalation of wage and fringe benefit rates for Service Contract Labor Standards covered employees in the option periods of performance. Wage and fringe benefit rates used for the base performance period will be used in pricing labor costs for all periods of performance in the option years. In accordance with the referenced clauses, the contractor may be entitled to an adjustment in contract price only when a new Service Contract Labor Standards wage determination is modified into the contract and it affects wages and fringe benefits of covered employees.

### B.4 FEDERAL HOLIDAYS

The following Government holidays are observed by Government personnel: New Years Day, Martin Luther King's Birthday, President's Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, Christmas Day, and any other day designated by Federal Statute, Executive Order, and/or Presidential Proclamation. Government personnel also take other kinds of administrative leave such as acts of God (i.e. hurricanes, snow storms, tornadoes, etc.), Presidential

## SECTION C DESCRIPTIONS AND SPECIFICATIONS

### PERFORMANCE WORK STATEMENT (PWS) CONSTRUCTION MANAGER SERVICES

#### 1. SCOPE

Under this task order, the contractor will independently provide support services to satisfy the overall operational objectives of the execution of NAVFAC Southeast's broad and diverse mission of facilitating inter-governmental operational requirements. This requirement is to provide construction management (CM) services to support NAS Corpus Christi, Texas.

The Contractor shall be directly responsible for ensuring the accuracy, timeliness and completion of all tasks under this effort. The Contractor shall be responsible for providing all material, equipment, and labor, to include technically qualified personnel to perform the services identified, unless specifically excepted in this PWS.

The outcomes for this acquisition are consistent with the FAR 37.101 definition of service contracts.

#### 2. ORGANIZATION

Naval Facilities Engineering Command Southeast

#### 3. TASKS/SERVICES

The contractor's role is to assist NAVFAC with the enforcement of construction contract provisions, specifically the project budget, schedule, quality, and scope. The CM is responsible for managing the planning, design (in the case of design build projects), construction and post- construction phases, or portions thereof. The CM represents the interests of the project and of NAVFAC in its dealings with other construction professionals, and with other private and public entities. The CM contractor has the authority to stop any portion of the construction contractor's work that poses an imminent danger to personnel, equipment, or property.

The required tasks/services include but are not limited to:

- 3.1 Schedule and conduct post-award kickoff meetings and pre-construction conferences
- 3.2 Maintain proper construction contract document files according to NAVFAC standards.
- 3.3 Schedule, conduct, and document regular progress meetings and other construction related project meetings with all interested parties to review project status, discuss problems, and resolve issues
- 3.4 Coordinate construction operations between contractors, station personnel, and other government agencies
- 3.5 Participate in all Partnering activities during construction (workshops, meetings, etc.) as required
- 3.6 Prepare bi-weekly project status reports using NAVFAC enterprise contract management systems
- 3.7 Use and prepare standard template documents for correspondence to construction contractors for deviations from contract schedule or quality
- 3.8 Review project plans and specifications for technical soundness and provide constructability review comments
- 3.9 Make visits to project sites to obtain information on facility/site conditions and develop recommendations during project development
- 3.10 Monitor the design and construction clarification process and, when appropriate, remind the designer and other parties involved of the need for timely actions
- 3.11 Provide technical assistance in answering requests for information (RFI) from construction contractors
- 3.12 Analyze construction schedule submittals by construction contractors for appropriate logic and compliance with contract terms

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 6 of 35	FINAL
----------------------------------	-------------------------------------	-----------------	-------

- 3.13 Review and monitor project schedules for construction progress with emphasis on milestone completion dates, phasing requirements, work flow, material deliveries, test dates, etc.
- 3.14 Perform cost and price review on change order proposals that are within the scope of work to highlight hidden and unnecessary costs. Provide input to the contract specialist or contracting officer for preparation of the pre-and post-negotiation documentation
- 3.15 Administer technical aspects of construction contract modifications (prepare cost estimates, review cost proposals, assist contract specialist or contracting officer in negotiations, prepare modification packages for processing by contracting officer)
- 3.16 Assist in problem resolution and handling of disputed issues including development of Government negotiating position for changes to the contract
- 3.17 Resolve problems not involving changes to contract value or duration and recommend solutions to the government construction manager for problems that may result in a change of contract value or duration
- 3.18 Review construction contractor invoices for accurate reporting on percentage of work complete
- 3.19 Review and recommend approval of the construction contractor's Quality Control Plan
- 3.20 Monitor ongoing construction to check contractor progress and verify compliance with plans and specifications
- 3.21 Regularly review Quality Assurance reports from engineering technicians and ensure daily reports are filed in the contract file.
- 3.22 Review and recommend approval of the construction contractor's safety/accident prevention plans
- 3.23 Ensure contractor compliance with safety requirements
- 3.24 Ensure construction contractor maintains and regularly updates as-built drawings and that a complete set of as-built drawings is turned over at the close of the contract
- 3.25 Manage the NAVFAC Red Zone process for completing jobs, beginning at 75% construction complete or 90 days before the construction contract completion date, whichever is earlier.
- 3.26 Participate in final acceptance and testing of major building systems including but not limited to fire protection certification, elevator certifications, ensuring contractor compliance in the areas of Testing and Balancing (TABs), Duct Air Leakage Testing (DALTS), Digital Control Systems (DDC) for HVAC systems
- 3.27 Ensure the contractor provides a complete set of Operation and Maintenance Support Information (OMSI) Manuals and conducts any user training for equipment installed on the project as required by the construction contract
- 3.28 Coordinate the closeout process including punch list preparation and completion, testing and start up of major systems, training, final acceptance, contractor evaluation and final payment

#### **4. OPERATIONAL HOURS / OVERTIME**

The standard workweek is 40 hours per week. Because construction contractors work Monday - Saturday, non-standard (not Monday through Friday) work schedules are possible.

Overtime is authorized. Overtime is employee effort in excess of forty (40) hours in a standard workweek, or if otherwise required by law is defined as employee effort in excess of eight (8) hours per day. The maximum number of overtime hours allowed is ■■■ for the base year and each option period.

The contractor shall coordinate the work hours schedule after award with the Contracting Officer's Representative (see Section F for Deliverable requirements).

#### **5. CERTIFICATIONS, LICENSES, PHYSICAL REQUIREMENTS OR OTHER EXPERTISE REQUIRED**

Contractor employees performing services must meet the following requirements and have the following licenses and/or certifications, knowledge, skills, and abilities:

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 7 of 35	FINAL
----------------------------------	-------------------------------------	-----------------	-------

- 5.1 Construction Managers shall possess a Bachelors Degree in engineering from an ABET accredited university or in architecture from a NAAB accredited university.
- 5.2 5+ years technical and practical knowledge and experience as a Construction Manager, Project Manager, or Project Controls Manager.
- 5.3 Current certification of successful completion of the US Army Corps of Engineers (USACE) Construction Quality Management for Contractors course. **A record of completion for the Course is required within 60 days of performance start. Failure to provide record of completion within 60 calendar days is automatic cause for dismissal.**
- 5.4 Demonstrated knowledge of the NAVFAC & USACE Three-Phases of Control and Construction Quality Management process is required.
- 5.5 Sound understanding of construction concepts, principles and practices applicable to multi-disciplined engineering projects and the design, layout, and supervision of construction operations
- 5.6 Ability to review technical engineering specifications and statements of work covering complex and diverse engineering designs or changes to the contract documents
- 5.7 Thorough knowledge of construction practices and methods and construction management skills
- 5.8 Ability to write and speak English fluently in order to report on progress and outcome of technical assignments and to present recommendations to government personnel
- 5.9 Ability to monitor construction projects to a successful and timely completion with respect to schedule and budget
- 5.10 Expert in the knowledge and usage of Primavera scheduling software and/or other construction scheduling software packages including logic networking, critical path scheduling, and cost loaded schedules
- 5.11 Ability to perform strenuous activity while working outdoors in extreme heat or cold, working in confined spaces, climbing and using fall protection equipment.
- 5.12 Knowledge of safety and occupational health principles, practices, procedures, laws and regulations as they relate to engineering performance requirements and as outlined in the EM-385-1-1 Safety and Health Requirements Manual and 29 CFR.

## 6. GOVERNMENT OR CONTRACTOR-FURNISHED PROPERTY/INFORMATION

The Government shall provide introductions to all key Government representatives along with a briefing on their roles and functions in the organization, initial familiarization/orientation of task requirements, and any required hardware and software manuals or other documentation. Published guidance will be provided by the Government as needed, including but not limited to a variety of Federal, Department of Defense, Department of Navy, or Naval Facilities Engineering Command publications, manuals, directives, standards, policies, and procedures.

The Government will provide safety vests and hard hats. All other Personal Protective and Safety Equipment shall be provided by the Contractor. The Contractor shall also provide a cell phone for use by its employee in performance of job duties.

The Government will provide furnished administrative working space for service providers located onsite. Report generation and tracking through the use of Government databases are necessary functions for the services provided in this PWS, therefore the Government will furnish computer assets and a Common Access Card (CAC) to facilitate these functions. There is often a substantial lag in receiving government-furnished computer assets, so the contractor shall provide a laptop and high-speed internet connection to use until Government assets are received and fully functional. Location of the high-speed internet connection shall be coordinated with and acceptable to the Contracting Officer's Representative.

The contractor shall provide a company vehicle for use by its employee. Contractor shall provide motor vehicle liability insurance to cover bodily injury and property damage to protect the contractor and the Government against third-party claims. Company vehicles shall be suitable for the intended purpose of visiting construction sites and carrying various tools of the trade for quality assurance work. The mileage for work varies but on average is approximately [REDACTED] miles per month ([REDACTED] miles annually). The Construction Manager shall possess a valid motor vehicle operator's identification card and shall comply with traffic safety program set forth in OPNAV

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 8 of 35	FINAL
----------------------------------	-------------------------------------	-----------------	-------

Instruction 5100.12. The contractor shall bear the cost of required fuel, oil, lubricants, insurance, and vehicle maintenance.

## 7. REIMBURSABLE EXPENSES

Travel may be required. The government may require the contractor to travel to other locations in support of the tasks described in this statement of work. Prior to incurring any travel expenses, contractor personnel must obtain written authorization from the Project Officer that approves approximate travel, dates, expected duration, origin and destination, purpose, estimated costs and the number and names of personnel traveling. Contractor expense reports shall be prepared and processed in accordance with the Federal Travel Regulation (FTR). Travel CLINs shall be priced at [REDACTED] for the base period and each option period. The cost of mobilization and demobilization is NOT included in this travel allowance.

## 8. NON-PERSONAL SERVICE STATEMENT

Contractor employees performing services under this order will be controlled, directed and supervised at all times by management personnel of the contractor. The contractor's management shall ensure that employees properly comply with the performance standards outlined in the Quality Assurance Surveillance Plan (QASP). Contractor employees will perform independent of and without the supervision of any Government official. Actions of contractor employees may not be interpreted or implemented in any manner that results in any contractor employee creating or modifying Federal policy, obligating the appropriated funds of the U.S. Government, overseeing the work of Federal employees, providing direct personal services to any Federal employee or otherwise violating the prohibitions set forth in Parts 7.5 and 37.1 of the Federal Acquisition Regulation (FAR). The Government will control access to the facility and will perform the inspection and acceptance of the completed work.

### PERFORMANCE WORK STATEMENT (PWS) CONSTRUCTION ENGINEERING TECHNICIAN SERVICES

#### 1. SCOPE

Under this task order, the Contractor will independently provide services as set forth in the remainder of this document in support of the overall operational objectives of Naval Facilities Engineering Command Southeast (NAVFAC SE). This contract/task order requirement is to provide construction Engineering Technician (ET) services to support NAS Corpus Christi, Texas. There are [REDACTED] positions covered under this requirement. [REDACTED]  
[REDACTED] Unless noted otherwise, all provisions below apply to [REDACTED] positions.

The Contractor shall be directly responsible for ensuring the accuracy, timeliness and completion of all tasks under this effort. The Contractor shall be responsible for providing all material, equipment, and labor, to include technically qualified personnel to perform the services identified, unless specifically excepted in this PWS.

The outcomes for this acquisition are consistent with the FAR 37.101 definition of service contracts.

#### 2. ORGANIZATION

### 3. TASKS/SERVICES

The Contractor's role is to assist NAVFAC SE with the enforcement of construction contract provisions, specifically the quality control and safety requirements. Personnel providing QA support recommend approval of work in accordance with contract terms and have the authority to stop any portion of the construction contractor's work that poses an imminent danger to personnel, equipment, or property.

The required tasks/services include but are not limited to:

- 3.1 Maintain proper construction contract document files according to NAVFAC standards.
- 3.2 Review and comment on plans and specifications and provide constructability comments during construction contract development.
- 3.3 Make visits to project sites to obtain information on facility/site conditions and develop recommendations during project development.
- 3.4 Coordinate and attend post-award kickoff meetings and pre-construction conferences.
- 3.5 Schedule, conduct, and document regular progress meetings and other construction related project meetings with all interested parties to review project status, discuss problems, and resolve issues
- 3.6 Prepare project status reports when directed using NAVFAC enterprise contract management system formatting (to be provided by Contracting Officer's Representative).
- 3.7 Coordinate construction operations between contractors, station personnel, and other government agencies and make recommendations for corrections.
- 3.8 Use and prepare standard template documents for correspondence to construction contractors for deviations from contract schedule or quality
- 3.9 Provide technical assistance in answering requests for information (RFI) from construction contractors
- 3.10 Review and monitor project schedules for construction progress with emphasis on milestone completion dates, phasing requirements, work flow, material deliveries, test dates, etc.
- 3.11 Administer technical aspects of construction contract modifications (prepare cost estimates, review cost proposals, assist contract specialist or contracting officer in negotiations, prepare modification packages for processing by contracting officer)
- 3.12 Prepare Quality Assurance Plans and review and recommend approval/disapproval of the construction contractor's Quality Control Plan.
- 3.13 Administer the Construction Quality Management Program as required in the construction contract specifications.
- 3.14 Monitor the construction contractor's performance of required material testing and analysis in accordance with the contract requirements, review for compliance and make recommendations for corrections.
- 3.15 Review construction contractor's daily reports for thoroughness and accuracy and check daily payrolls for any discrepancies. Note any unusual items or items of concern on reports. Provide reviewed and annotated copy of reports to the Contracting Officer's Representative (COR).
- 3.16 Review and recommend approval of progress schedules and technical submittals.
- 3.17 Monitor ongoing construction to check construction contractor progress and verify compliance with plans and specifications.
- 3.18 Resolve problems not involving changes to contract value or duration and recommend solutions to the Contracting Officer's Representative (COR) for problems that may result in a change of contract value or duration.
- 3.19 Prepare cost estimates for construction contract modifications and provide to the Contracting Officer's Representative (COR).
- 3.20 Perform cost and price technical evaluation on change order proposals that are within the scope of work to highlight hidden and unnecessary costs. Provide input to the Contracting Officer's Representative (COR) for preparation of the pre-and post-negotiation documentation.
- 3.21 Review construction contractor invoices for accuracy and provide input to the invoice reviewing official.
- 3.22 Review and recommend approval/disapproval of the construction contractor's safety/accident prevention plans.

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 10 of 35	FINAL
----------------------------------	-------------------------------------	------------------	-------

- 3.23 Review construction contractor compliance with safety requirements and make recommendations for corrective actions.
- 3.24 Monitor construction contractor's updates to as-built drawings and verify that they are maintained regularly in accordance with contract requirements; verify that a complete set of as-built drawings is turned over at the close of the contract. Make reports of any updates that are not completed timely, and make recommendations for corrections.
- 3.25 Verify that a complete set of Operation and Maintenance Support Information (OMSI) Manuals is turned in to the AUTECH Facility Manager(s).
- 3.26 Verify the construction contractor conducts any user training for equipment installed on the project, and turns over any extra materials stock all as required by the construction contract. Make recommendations for corrections.
- 3.27 Monitor the closeout process including punch list preparation and completion, testing and start-up of major systems, and final acceptance. Make recommendations for corrections.
- 3.28 Manage the NAVFAC Red Zone process for completing jobs, beginning at 75% construction complete or 90 days before the construction contract completion date, whichever is earlier.
- 3.29 Participate in final acceptance and testing of major building systems including but not limited to fire protection certification, elevator certifications, ensuring contractor compliance in the areas of Testing and Balancing (TABs), Duct Air Leakage Testing (DALTS), Digital Control Systems (DDC) for HVAC systems

#### 4. OPERATIONAL HOURS/OVERTIME

The standard workweek is 40 hours per week. Because construction contractors may work Monday – Saturday, non-standard (not Monday through Friday) work schedules are possible.

Overtime is authorized. Overtime is employee effort in excess of forty (40) hours in a standard workweek, or if otherwise required by law is defined as employee effort in excess of eight (8) hours per day. The maximum number of overtime hours allowed is [REDACTED] in the base period of performance and [REDACTED] in each option period.

The contractor shall coordinate the work hours schedule after award with the Contracting Officer's Representative (see Section F for Deliverable requirements).

#### 5. CERTIFICATIONS, LICENSES, PHYSICAL REQUIREMENTS OR OTHER EXPERTISE REQUIRED

Contractor employees performing services must meet the following requirements and have the following licenses and/or certifications, knowledge, skills, and abilities:

- 5.1 Technical and practical knowledge and experience (**at least 3 years**) as an engineering technician, superintendent, or quality control/quality assurance manager or representative.
- 5.2 Current certification of successful completion of the US Army Corps of Engineers (USACE)/Naval Facilities Engineering Command (NAVFAC) Construction Quality Management for Contractors course. **A record of completion for the Course is required within 60 days of performance start. Failure to provide record of completion within 60 calendar days is automatic cause for dismissal.**
- 5.3 Demonstrated knowledge of the three-phases of control Quality Management process.
- 5.4 Demonstrated sound understanding of construction concepts, principles and practices applicable to civil, mechanical, electrical, and/or environmental projects and the design, layout, and supervision of construction operations.
- 5.5 Demonstrated ability to review and interpret technical engineering specifications and statements of work covering complex and diverse engineering designs or changes to the contract documents.
- 5.6 Thorough knowledge of construction practices and methods and construction management skills as demonstrated through relevant construction and/or construction management experience.

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 11 of 35	FINAL
----------------------------------	-------------------------------------	------------------	-------

- 5.7 Ability to write and speak English fluently in order to provide reports and make presentations to Government personnel.
- 5.8 Demonstrated ability to monitor construction projects to a successful and timely completion.
- 5.9 Demonstrated knowledge of Oracle Primavera P6 scheduling software and/or other construction scheduling software packages.
- 5.10 Ability to perform strenuous activity while working outdoors in extreme heat or cold, working in confined spaces, climbing and using fall protection equipment.
- 5.11 Demonstrated knowledge of safety and occupational health principles, practices, procedures, laws and regulations as they relate to engineering performance requirements and as outlined in the EM-385-1-1 and 29 CFR.
- 5.12 At a minimum, a record of completion for the OSHA 30-hour Construction Training Course is required. A record of completion for the EM 385-1-1 Construction Safety Course (NAVFAC or USACE) is required within 45 days of performance start. Failure to provide record of completion for the EM 385-1-1 Course within 45 calendar days is automatic cause for dismissal.

## **6. GOVERNMENT OR CONTRACTOR FURNISHED PROPERTY/INFORMATION**

The Government shall provide introductions to all key Government representatives along with a briefing on their roles and functions in the organization, initial familiarization/orientation of task requirements, and any required hardware and software manuals or other documentation. Published guidance will be provided by the Government as needed, including but not limited to a variety of Federal, Department of Defense, Department of Navy, or Naval Facilities Engineering Command publications, manuals, directives, standards, policies, and procedures.

The Government will provide safety vests and hard hats. All other Personal Protective and Safety Equipment shall be provided by the Contractor. The Contractor shall also provide a cell phone for use by its employee in performance of job duties.

The Government will provide furnished administrative working space for service providers located onsite. Report generation and tracking through the use of Government databases are necessary functions for the services provided in this PWS, therefore the Government will furnish computer assets and a Common Access Card (CAC) to facilitate these functions. There is often a substantial lag in receiving government-furnished computer assets, so the contractor shall provide a laptop and high-speed internet connection to use until Government assets are received and fully functional. Location of the high-speed internet connection shall be coordinated with and acceptable to the Contracting Officer's Representative.

The contractor shall provide a company vehicle for use by its employee. Contractor shall provide motor vehicle liability insurance to cover bodily injury and property damage to protect the contractor and the Government against third-party claims. Company vehicles shall be suitable for the intended purpose of visiting construction sites and carrying various tools of the trade for quality assurance work. The mileage for work varies but on average is approximately [REDACTED] miles per month ([REDACTED] miles annually). The Engineering Technician shall possess a valid motor vehicle operator's identification card and shall comply with traffic safety program set forth in OPNAV Instruction 5100.12. The contractor shall bear the cost of required fuel, oil, lubricants, insurance, and vehicle maintenance.

## **7. REIMBURSABLE EXPENSES**

Travel may be required. The government may require the contractor to travel to other locations in support of the tasks described in this statement of work. Prior to incurring any travel expenses, contractor personnel must obtain written authorization from the Project Officer that approves approximate travel, dates, expected duration, origin

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 12 of 35	FINAL
----------------------------------	-------------------------------------	------------------	-------

and destination, purpose, estimated costs and the number and names of personnel traveling. Contractor expense reports shall be prepared and processed in accordance with the Federal Travel Regulation (FTR). Travel CLINs shall be priced as follows:

Base Period: [REDACTED] for [REDACTED] and [REDACTED] for [REDACTED]  
Option Period 1: [REDACTED] for [REDACTED] and [REDACTED] for [REDACTED]  
Option Period 2: [REDACTED] for [REDACTED] and [REDACTED] for [REDACTED]

The cost of mobilization and demobilization is NOT included in this travel allowance.

## 8. NON-PERSONAL SERVICE STATEMENT

Contractor employees performing services under this order will be controlled, directed and supervised at all times by management personnel of the contractor. The contractor's management shall ensure that employees properly comply with the performance standards outlined in the Quality Assurance Surveillance Plan (QASP). Contractor employees will perform independent of and without the supervision of any Government official. Actions of contractor employees may not be interpreted or implemented in any manner that results in any contractor employee creating or modifying Federal policy, obligating the appropriated funds of the U.S. Government, overseeing the work of Federal employees, providing direct personal services to any Federal employee or otherwise violating the prohibitions set forth in Parts 7.5 and 37.1 of the Federal Acquisition Regulation (FAR). The Government will control access to the facility and will perform the inspection and acceptance of the completed work.

## SECTION F DELIVERABLES OR PERFORMANCE

The periods of performance for the following Items are as follows:

8000	7/16/2018 - 7/15/2019
8001	7/16/2018 - 7/15/2019
8002	7/16/2018 - 7/15/2019
8003	7/16/2018 - 7/15/2019
8004	7/15/2018 - 7/16/2019
8005	7/16/2018 - 7/15/2019
9000	7/16/2018 - 7/15/2019
9001	7/16/2018 - 7/15/2019
9002	7/16/2018 - 7/15/2019

### F.1 CLIN - DELIVERIES OR PERFORMANCE

The periods of performance for the following base items are as follows:

8000	07/16/2018 – 07/15/2019
8001	07/16/2018 – 07/15/2019
9000	07/16/2018 – 07/15/2019
8002	07/16/2018 – 07/15/2019
8003	07/16/2018 – 07/15/2019
9001	07/16/2018 – 07/15/2019
8004	07/16/2018 – 07/15/2019
8005	07/16/2018 – 07/15/2019
9002	07/16/2018 – 07/15/2019

The periods of performance for the following option items are as follows:

8006	07/16/2019 – 07/15/2020
8007	07/16/2019 – 07/15/2020
9003	07/16/2019 – 07/15/2020
8008	07/16/2019 – 07/15/2020
8009	07/16/2019 – 07/15/2020
9004	07/16/2019 – 07/15/2020
8010	07/16/2019 – 07/15/2020
8011	07/16/2019 – 07/15/2020
9005	07/16/2019 – 07/15/2020
8012	07/16/ 2020 – 7/15/ 2021
8013	07/16/ 2020 – 7/15/ 2021
9006	07/16/ 2020 – 7/15/ 2021
8014	07/16/ 2020 – 7/15/ 2021
8015	07/16/ 2020 – 7/15/ 2021
9007	07/16/ 2020 – 7/15/ 2021
8016	07/16/ 2020 – 7/15/ 2021
8017	07/16/ 2020 – 7/15/ 2021
9008	07/16/ 2020 – 7/15/ 2021

### F.2 PLACE OF PERFORMANCE

The work to be performed under this task order is onboard Naval Air Station (NAS) Corpus Christi, Texas. [REDACTED]  
[REDACTED]  
[REDACTED]

### F.3 CONTRACT TERM

The task order start date is 16 July 2018. The base period of performance is for one year, with two one-year option periods. The option periods may be exercised in accordance with FAR 52.217-9, Option to Extend the Term of the Contract. If the Government requires a shorter term or exercises an option for a period shorter than one year, the proposed unit prices will be used as the basis for establishing the reduced term. The entire duration of the task order if all options are exercised is three years.

### F.4 DELIVERABLES

The requirements outlined in the PWS shall be performed on time, accurately, and completely. Service providers shall submit a weekly project status report for any assigned project to the resource manager (Project Management and Engineering Branch Head/Supervisory General Engineer) and attend any project meetings. Contractor shall provide a monthly report to the Contracting Officer summarizing service provider actions for each month. For the purposes of submission, the following personnel, or their designated representatives, are designated to receive submittals:

- Construction Manager (CM)
- Project Manager (PM)
- Contracting Officer Representative (COR)

The Contractor shall be responsible for timely submission of the deliverables identified in the table below:

#### Construction Manger

Deliverable	Reference	When due	# copies	Submit to
Constructability Review Comments	3.8	As required by mission	1	DM
Construction Project Status Report	3.6	Bi-weekly	1	PMEB/SGE
Cost estimate information/evaluation	3.14 3.15 3.17	As required by mission	1	CS
Invoice Review	3.18	Within 2 work days from FEAD's receipt of invoice	1	CS
Submittal Reviews	3.5 3.8 3.13 3.24 3.25 3.26 3.27	As required by mission	1	SGE/ CS
Work Schedule	4	Monthly (due by the 5 <sup>th</sup> working day of the month)	1	KO & COR

#### Construction Engineering Technicians

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 17 of 35	FINAL
----------------------------------	-------------------------------------	------------------	-------

Deliverable	Reference Paragraph	When due	# copies	Submit to
Daily Quality Assurance Report	3.5 3.7	First workday of following week or as required by mission	1	CM
Constructability Review Comments	3.1	As required by mission	1	PM
Safety Inspection Report	3.17	As required by mission	1	CM
Cost estimate information/evaluation	3.12	As required by mission	1	CM
Invoice Review	3.13	Within 1 work day from FEAD's receipt of invoice	1	CM
Construction Inspection Report/Punchlist	3.21	As required by mission	1	CM
Submittal Reviews	3.4 3.16 3.8 3.6 3.18 3.19 3.20	As required by mission	1	CM
Work Schedule	4	Monthly (due by the 5th working day of the month)	1	KO & COR

May be submitted via email.

## **F.5 ECMRA REPORTING**

NMCARS 5237.102-90(b)

The contractor shall report contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract for NAVFAC SE via a secure data collection site. Contracted services excluded from reporting are based on Product Service Codes (PSCs). The excluded PSCs are:

- (1) W, Lease/Rental of Equipment;
- (2) X, Lease/Rental of Facilities;
- (3) Y, Construction of Structures and Facilities;
- (4) D, Automatic Data Processing and Telecommunications, IT and Telecom- Telecommunications Transmission (D304) and Internet (D322) ONLY;
- (5) S, Utilities ONLY;
- (6) V, Freight and Shipping ONLY.

The contractor is required to completely fill in all required data fields using the following web address:

<https://www.ecmra.mil>.

Reporting inputs will be for the labor executed during the period of performance during each Government fiscal year (FY), which runs October 1 through September 30. While inputs may be reported any time during the FY, all

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 18 of 35	FINAL
----------------------------------	-------------------------------------	------------------	-------

data shall be reported no later than October 31 of each calendar year. Contractors may direct questions to the help desk, linked at <https://www.ecmra.mil>.

## SECTION G CONTRACT ADMINISTRATION DATA

### G.1 POINTS OF CONTACT

Contracting Officer Representative

Name: Melinda Russell

Address: 8851 Ocean Drive, Bldg 19, Rm 203

Email Address: [melinda.l.russell@navy.mil](mailto:melinda.l.russell@navy.mil)

Phone Number: 361-961-2865

Contract Specialist

Name: Tiffany Tatham

Address: PO Box 30, Bldg 903, Jacksonville, FL 32212

Email Address: [tiffany.tatham@navy.mil](mailto:tiffany.tatham@navy.mil)

Phone Number: (904) 542-8816

### G.2 CONTRACTING OFFICER'S REPRESENTATIVE

A Contracting Officer's Representative (COR) will be appointed to assist the Contracting Officer in administration of this task order. The COR will provide general instructions on limitations and deadlines, and is responsible for administration of the task order in compliance with the contract to include inspection and acceptance of deliverables.

### G.3 SUBMISSION OF INVOICES

In accordance with DFARS 252.232-7003 Electronic Submission of Payment Requests and Receiving Reports (JUN 2012), the contractor shall submit invoicing electronically through Wide Area Work Flow (WAWF). Facsimile, e-mail, and scanned documents are not acceptable electronic forms.

Invoices will be submitted on a once-a-month basis.

#### **252.232-7006 Wide Area WorkFlow Payment Instructions (MAY 2013)**

(a) *Definitions.* As used in this clause—

“Department of Defense Activity Address Code (DoDAAC)” is a six position code that uniquely identifies a unit, activity, or organization.

“Document type” means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

“Local processing office (LPO)” is the office responsible for payment certification when payment certification is done external to the entitlement system.

(b) *Electronic invoicing.* The WAWF system is the method to electronically process vendor payment requests and

receiving reports, as authorized by DFARS [252.232-7003](#), Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall—

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.acquisition.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the “Web Based Training” link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor must use the following information when submitting payment requests and receiving reports in WAWF for this contract/order:

(1) *Document type.* The Contractor shall use the following document type:

Navy Construction/ Facilities Management Invoice

(2) *Inspection/acceptance location.* The Contractor shall select the following inspection/acceptance location(s) in WAWF, as specified by the contracting officer.

Inspection – N44215

Acceptance - N69450

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

<i>Field Name in WAWF</i>	<i>Data to be entered in WAWF</i>
Pay Official DoDAAC	N68732
Issue By DoDAAC	N69450
Admin DoDAAC	N69450
Inspect By DoDAAC	N44215
Ship To Code	N/A
Ship From Code	N/A
Mark For Code	N/A
Service Approver (DoDAAC)	N/A

Service Acceptor (DoDAAC)	N/A
Accept at Other DoDAAC	N/A
LPO DoDAAC	N69450
DCAA Auditor DoDAAC	N/A
Other DoDAAC(s) Accept By	N69450

(4) *Payment request and supporting documentation.* The Contractor shall ensure a payment request includes appropriate contract line item and subline item descriptions of the work performed or supplies delivered, unit price/cost per unit, fee (if applicable), and all relevant back-up documentation, as defined in DFARS Appendix F, (e.g. timesheets) in support of each payment request.

(5) *WAWF email notifications.* The Contractor shall enter the e-mail address identified below in the “Send Additional Email Notifications” field of WAWF once a document is submitted in the system.

[NAVFAC SE FSC Invoices@navy.mil](mailto:NAVFAC_SE_FSC_Invoices@navy.mil)

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity’s WAWF point of contact.

[NAVFAC SE FSC Invoices@navy.mil](mailto:NAVFAC_SE_FSC_Invoices@navy.mil)

(2) For technical WAWF help, contact the WAWF helpdesk at 866-618-5988.  
(End of clause)

#### **G.4 PAYMENT INSTRUCTIONS**

**\*\*FOR GOVERNMENT USE ONLY\*\***

The payment office shall allocate and record the amounts paid to the accounting classification citations in the contract based on the type of payment request submitted (see DFARS 252.232-7006) and the type of effort using the table provided at [https://www.acq.osd.mil/dpap/dars/pgi/pgi\\_hm/current/PGI204\\_71.htm#payment\\_instructions](https://www.acq.osd.mil/dpap/dars/pgi/pgi_hm/current/PGI204_71.htm#payment_instructions).

#### **G.5 PRODUCTIVE LABOR HOURS**

The Contractor shall charge the Government only for “productive direct labor hours”. “Productive direct labor hours” are defined as those hours expended by Contractor personnel in performing work under this effort. This does not include sick leave, vacation, Government or Contractor holidays, jury duty, military leave, or any other kind of administrative leave such as acts of God (i.e. hurricanes, snow storms, tornadoes, etc.), Presidential funerals or any other unexpected government closures. Contract employees will not work on Government holidays or administrative leave days, and these hours should not be included in the productive direct labor hours.

## G.6 QUALITY ASSURANCE SURVEILLANCE PLAN

### QUALITY ASSURANCE SURVEILLANCE PLAN

**Purpose:** To ensure that the Government has an effective and systematic method of surveillance for the services in the PWS. The QASP will be used primarily as a tool to verify that the contractor is performing all services required by the PWS in a timely, accurate and complete fashion. The Task Order Manager (TOM) will use the surveillance methods outlined below to administer the quality assurance plan.

1. Critical performance processes and requirements. Critical to the performance of the Construction Manager and Construction Engineering Technicians are the timely, accurate, and thorough completion of all contract/task order requirements.
2. Performance Standards
  - a. Personnel – The personnel performing services under this task order will meet all requirements throughout the performance period, to include but not limited to: training, license, certification, security, etc. as stated in the task PWS and/or task order.
  - b. Deliverables – The deliverables required to be submitted will be assessed against the specifications for the schedule of deliverables detailed in the contract/task order(s) and the Quality Control Plan (QCP), if required by the contract, for the required content, quality, timeliness, and accuracy.
  - c. Cost - The Contracting Officer Representative (COR) will review and recommend payment of monthly invoices, throughout the contract and/or task order performance period(s).
  - d. Past Performance - In addition to any schedule, deliverables, and cost aspects of performance discussed above, pursuant to FAR 42.15, the Government will assess the contractor's record of conforming to contract requirements and to standards of good workmanship. The contractor's adherence to contract schedules including the administrative aspects of performance, the contractor's history of reasonable, cooperative behavior and commitment to customer satisfaction, and the contractor's business-like concern for the interest of the customer.
3. Surveillance methods: The primary methods of surveillance used to monitor performance of this contract will include, but not limited to; random or planned sampling, periodic inspection, and validated customer complaints.
4. Performance Measurement: Performance will be measured in accordance with the following table:

Performance Element	Performance Requirement	Surveillance Method	Frequency	Acceptable Quality Level
Personnel	Qualified Staff provided within the performance work statement.	Validation by the COR, 100% review.	Prior to award and anytime thereafter where staff are replaced or are added to the task order.	Meet 100% of the personnel qualifications stated in the Performance Work Statement (PWS) during contract performance to include certification and licenses, as

				required.
Contract Deliverables	Contract Deliverables furnished as prescribed in the PWS, CDRLs, and task order.	Validation by the COR, 100% review.	As required in the PWS and/or task order.	>95% of deliverables must be submitted timely and without required rework.
Training	Contractor personnel may be required to perform training to other personnel (Government and/or Non-government) during task order performance.	Periodic inspection by the COR.	As required by the PWS and/or task order.	Meet 100% of the training objectives as required by the PWS and/or task order.
Security Requirements	Employees must be able to meet security requirements to obtain and maintain base security access during performance of the contract. Higher level Security clearances may be required and will be specified in the task order.	Background checks and security assessments conducted by base security prior to start of contract performance.	As required by the contract.	100% compliance of all required security clearances, background checks, regulations and procedures of the DOD.
Invoicing	Monthly invoices per contract procedures are timely and accurate.	100 % Review by the COR and/or the Contracting Officer.	Submitted Monthly	100% accuracy

5. Contractor Performance Assessment Reporting System (CPARS) Assessment Ratings: A common five level assessment rating system is used to evaluate a contractor's performance. Ratings range from Unsatisfactory (lowest) to Exceptional (highest). The following is the breakdown of each category with a definition:

**Exceptional** - Performance meets contractual requirements and exceeds many to the Government's benefit. The

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 24 of 35	FINAL
----------------------------------	-------------------------------------	------------------	-------

element being assessed was accomplished with few minor problems for which corrective actions taken by the contractor were highly effective.

**Very Good** -Performance meets contractual requirements and exceeds some to the Government's benefit. The element being assessed was accomplished with some minor problems for which corrective actions taken by the contractor were effective.

**Satisfactory** - Performance meets contractual requirements. The element being assessed contains some minor problems for which corrective actions taken by the contractor appear or were satisfactory.

**Marginal** - Performance does not meet some contractual requirements. The element being assessed reflects a serious problem for which the contractor has not yet identified corrective actions.

**Unsatisfactory** - Performance does not meet most contractual requirements and recovery is not likely in a timely manner. The element being assessed contains a serious problem(s) for which the contractor's corrective actions appear or were ineffective.

6. Contractor Assessment: The COR makes an annual report on Contractor Performance (CPARS or other annual report). The contractor's failure to achieve satisfactory performance under the contract/task order, reflected in the COR's annual report, may result in termination of the contract/task order and may also result in the loss of future Government contracts/task orders. The contractor's failure to achieve satisfactory performance under the contract/task order may result in the non-exercise of available options.

For each item that does not meet acceptable levels, the Government may issue a Contract Discrepancy Report (CDR). CDRs will be forwarded to the Contracting Officer with a copy sent to the contractor. The contractor must reply in writing within 5 days of receipt identifying how future occurrences of the problem will be prevented. Based upon the contractor's past performance and plan to solve the problem, the Contracting Officer will determine if any further action will be taken.

In accordance with the inspection of services provisions of the contract, the contractor will be incentivized to provide quality products in a timely manner since the Government can require the Contractor, at no additional cost, to replace or correct work that fails to meet contract requirements.

## **G.7 SUBSTITUTIONS OF KEY PERSONNEL**

All Contractor requests for approval of substitutions hereunder shall be submitted in writing to the designated point of contact and the Contracting Officer at least two weeks (14 calendar days) in advance of the effective date, whenever possible, and shall provide a detailed explanation of the circumstances necessitating the proposed substitution, a complete resume for the proposed substitute, and any other information requested by the Contracting Officer necessary to approve or disapprove the proposed substitution. An interview may also be requested. The designated point of contact and the Contracting Officer will evaluate such requests and promptly notify the Contractor of approval or disapproval in writing. The Government reserves the right to request the replacement of Contractor personnel if said personnel does not meet the position experience requirements; demonstrates insufficient knowledge or skill to perform tasks; is not providing quality deliverables; or is not performing in a professional manner. No change in fixed unit prices may occur as a result of key personnel substitution.

## **G.8 TASK ORDER CLOSEOUT**

The contractor shall submit a final invoice within forty-five (45) calendar days after the end of the final performance period. Along with the submission of the final invoice, the contractor shall furnish a completed and

signed Release of Claims to the Contracting Officer (provided as an attachment).

----------------------------------	-------------------------------------	------------------	-------

## SECTION H SPECIAL CONTRACT REQUIREMENTS

### H.1 SECURITY REQUIREMENTS

Work under this task order requires access to personally identifiable information (PII) and information protected by the Privacy Act of 1974. The contractor shall meet all requirements of the Privacy Act; DOD 5239 & 8570 instructions. In addition to the security requirements below, contractors performing work under this task order must meet the following criteria: Per SECNAV M-5510.30, all individuals with access to PII or Privacy Act information must be US Citizens; therefore US Citizenship is a requirement. No foreign nationals will be employed on this Government contract. Additionally, each contractor employee shall comply with the HSPD-12 E-Verify Federal Acquisition Regulations FAR Clause 52.222-54 - Employment Eligibility Verification.

The contractor shall comply with all applicable DOD security regulations and procedures during the performance of this task order. Contractor shall not disclose and must safeguard procurement sensitive information, computer systems and data, privacy act data, sensitive but unclassified (SBU) information, classified information, and all government personnel work products that are obtained or generated in the performance of this task order.

Information made available to the Contractor by the Government for the performance or administration of this effort shall be used only for those purposes and shall not be used in any other way without the written agreement of the Contracting Officer. The Contractor agrees to assume responsibility for protecting the confidentiality of Government records and other records disclosed or made available to the Contractor in connection with the performance of this contract, which is not public information. The Contractor shall take all lawful steps available to ensure that information provided or generated pursuant to this arrangement is protected from further disclosure unless the agency provides written consent to such disclosure

Purpose: Reference is hereby made to Navy awarded contracts requiring contractor access to Navy information systems, SBU information, areas critical to the operations of the command, and/or classified information. Although these contracts may not be classified, contractor employees are required to have obtained a favorably adjudicated National Agency Check with Local Agency and Credit Checks (NACLIC) determination at a minimum in accordance with DoD Instruction 8500.2 Local Agency Check and Local Credit Check must be submitted and results received prior to commencement of work. A security clearance may also be required to perform work under this contract.

The Department of the Navy (DoN) has determined that all DoN Information systems are sensitive regardless of whether the information is classified or unclassified. A contractor whose work involves access to sensitive unclassified information warrants a judgment of an employee's trustworthiness. Therefore, all personnel accessing DoN Computer systems must undergo investigation for a position of trust to verify their trustworthiness. The following addresses those requirements for Security.

#### CONTRACTOR SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the Contractor's Security Representative. Within three work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the Contractor's Security Representative. The Contractor's Security Representative shall be the primary point of contact on any security matter. The Contractor's Security Representative shall not be replaced or removed without prior notice to the Contracting Officer and Command Security Manager.

#### CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, INFORMATION TECHNOLOGY (IT) SYSTEMS OR PROTECTED HEALTH

INFORMATION: Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The Deputy Secretary of Defense Directive-Type Memorandum (DTM) 08-006 - "DoD Implementation of Homeland Security Presidential

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 28 of 35	FINAL
----------------------------------	-------------------------------------	------------------	-------

Directive - 12 (HSPD-12)" dated November 26, 2008 (or its subsequent DoD instruction) directs implementation of HSPD-12. This clause is in accordance with HSPD-12 and its implementing directives.

#### APPLICABILITY

This clause applies to contractor employees requiring physical access to any area of a federally controlled base, facility or activity and/or requiring access to a DoN or DoD computer/network/system to perform certain unclassified sensitive duties. This clause also applies to contractor employees who access Privacy Act and Protected Health Information, provide support associated with fiduciary duties, or perform duties that have been identified by DON as National Security Position, as advised by the command security manager. It is the responsibility of the responsible security officer of the command/facility where the work is performed to ensure compliance.

Each contractor employee providing services at a Navy Command under this contract is required to obtain a Department of Defense Common Access Card (DoD CAC). Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

#### ACCESS TO FEDERAL FACILITIES

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Navy Command's Security Manager upon arrival to the Navy Command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

All contractors, working within DoN Spaces must be entered into the Joint Personnel Adjudication System (JPAS), and then owned by their contracting company facility security officer (FSO). The receiving command Security Manager will then service those individuals in JPAS for tracking and monitoring of their investigation status.

If no previous investigation exists the contractor personnel shall complete the requirement for a NACLIC. NACLIC's for positions of trust will be processed through the receiving command Security Manager. Investigative requirements for DoN Contractor personnel requiring access to classified information are managed under the National Industrial Security Program (NISP). Requests for investigation of contractor personnel for security clearance eligibility are processed by the Office of Personnel Management (OPM) and adjudicated by Defense Industrial Security Clearance Office (DISCO). When Sensitive Compartmented Information (SCI) access is at issue, the Department of the Navy Central Adjudication Facility (DoNCAF) is the adjudicative authority for all DoN Contractor personnel requiring SCI access eligibility.

The Contractor shall ensure that a complete security package, (SF-86 and FD258 2 copies) are submitted to the Command Security Officer receiving the contracted services in order for the Security Officer to conduct a suitability review of the submitted investigative forms.

The Contractor FSO or security representative shall ensure that individuals assigned to the command are U.S. citizens and will ensure completion of the SF-86. The SF-86 along with the original signed release statements and two applicant fingerprint cards (FD 258) will be forwarded to the receiving command Security Manager at least one week prior to reporting for duty. Personnel cannot be properly processed and provided system access prior to their reporting date without receiving the investigative paperwork one week prior.

For contracts requiring a position of trust the Command Security Officer will submit the forms for a position of trust. For classified contracts the contractor FSO will submit the SF-86 to OPM for processing and eventual adjudication by DISCO.

The completed SF-86 will be reviewed by the receiving command Security Manager for completeness, accuracy

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 29 of 35	FINAL
----------------------------------	-------------------------------------	------------------	-------

and suitability prior to the submission. If the contractor appears suitable after the questionnaire has been reviewed, the request will be forwarded to OPM.

The completed SF-86 along with attachments will be forwarded to the Office of Personnel Management (OPM) who will conduct the NACI investigation or equivalent. All contract personnel will in-process with the receiving command Security Manager and Information Assurance Manager upon arrival to the command and will out-process prior to their departure.

Please note: When processing a Questionnaire for National Security Positions, the applicants can only access the e-QIP system if they have been instructed to do so by an appropriate official at sponsoring agency. Individuals cannot pre-apply for a security clearance, nor update their security questionnaire, unless granted access by an appropriate agency official. The e-QIP software can be accessed at the Office of Personnel Management (OPM) website <http://www.opm.gov/e-qip/index.asp> or <http://www.dss.mil>. The contractor shall provide the completed Questionnaire for Public Trust Positions, or Questionnaire for National Security Positions with the original signed release statements and two applicant fingerprint cards (FD 258) to the receiving command Security Manager for suitability determination. The receiving command Security Manager will review the form for completeness, accuracy and suitability issues, and forward to OPM as detailed on the OPM website. Applicants can obtain an SF-86 by visiting the Office of Personnel Management (OPM) website located at: <http://www.opm.gov/forms/html/sf.asp>. The responsibility for providing the fingerprint cards rests with the contractor.

The Department of the Navy Central Adjudication Facility will provide the completed investigation to the receiving command Security Manager for the determination in cases where a favorable determination cannot be reached due to the discovery of potentially derogatory information. The command will provide written notification to the contractor advising whether or not the contractor employee will be admitted to command areas or be provided access to unclassified but sensitive business information. Determinations are the sole prerogative of the commanding officer of the sponsor activity. If the commanding officer determines, upon review of the investigation, that allowing a person to perform certain duties or access to certain areas, would pose an unacceptable risk, that decision is final. No due process procedures are required.

#### ACCESS TO DOD IT SYSTEMS

In accordance with SECNAV M-5510.30, contractor employees who require access to DoN or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M-5510.30, includes positions which require access to information protected under the Privacy Act, to include Protected Health Information (PHI). All contractor employees under this contract who require access to Privacy Act protected information are therefore categorized no lower than IT-II. IT Levels are determined by the requiring activity's Command Information Assurance Manager. Contractor employees requiring privileged or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) which is a higher level investigation than the National Agency Check with Law and Credit (NACLC) described below. Due to the privileged system access, a SSBI suitable for High Risk public trusts positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy Command's Security Manager and Information Assurance Manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the COR shall sign the SAAR-N as the "supervisor". The FSO or security representative will ensure that the SAAR-N is forwarded to the receiving command Security Manager for receipt at least one week prior to the start date for the

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 30 of 35	FINAL
----------------------------------	-------------------------------------	------------------	-------

individual.

All authorized users of DoD Information Systems shall receive initial Information Assurance (IA) orientation as a condition of access and thereafter must complete annual IA refresher awareness training to maintain an active user account. The contractor shall ensure that all employees required to maintain access to required IT systems or networks complete annual IA training, and maintain a current requisite background investigation. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

### PROOF OF CITIZENSHIP

The I-9 form lists acceptable forms of identification that can be provided to prove U.S. citizenship. Dual citizens are required to renounce their secondary citizenship in order to work for the U.S. government. Citizenship can be renounced by turning in the foreign national passport to a government security officer for destruction or to the originating embassy of the passport. Individuals should request a signed affidavit from their embassy recognizing the renouncing of their citizenship.

#### Acceptable Proof of Citizenship:

- a. For individuals born in the United States, a birth certificate is the primary and preferred means of citizenship verification. Acceptable certificates must show that the birth record was filed shortly after birth and it must be certified with the registrar's signature. It must bear the raised, impressed, or multicolored seal of the registrar's office. The only exception is if a state or other jurisdiction does not issue such seals as a matter of policy. Uncertified copies of birth certificates are not acceptable. A delayed birth certificate is one created when a record was filed more than one year after the date of birth. Such a certificate is acceptable if it shows that the report of birth was supported by acceptable secondary evidence of birth. Secondary evidence may include: baptismal or circumcision certificates, hospital birth records, or affidavits of persons having personal knowledge about the facts of birth. Other documentary evidence can be early census, school, or family bible records, newspaper files, or insurance papers. All documents submitted as evidence of birth in the U.S. shall be original or certified documents.
- b. If the individual claims citizenship by naturalization, a certificate of naturalization is acceptable proof of citizenship.
- c. A Passport, current or expired, is acceptable proof of citizenship.
- d. A Record of Military Processing Armed Forces of the United States (DD Form 1966) is acceptable proof of citizenship, provided it reflects U.S. citizenship.
- e. If Citizenship is from the Island of Puerto Rico; see Puerto Rico Birth Certificates Law 191 of 2009, at web site <http://www.prfaa.com/birthcertificates/>.
- f. If citizenship was acquired by birth abroad to a U.S. citizen parent or parents, the following are acceptable evidence:
  - (1) A Certificate of Citizenship issued by the Department of Homeland Security, U.S. Citizenship and Immigration Services (USCIS) or its predecessor organization.
  - (2) A Report of Birth Abroad of a Citizen of the United States of America
  - (3) A Certificate of Birth.

### INTERIM ACCESS

The Navy Command's Security Manager may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

### DENIAL OR TERMINATION OF ACCESS

An "Unfavorable" or "No Determination" adjudication of the contractor employee's investigation will result in

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 31 of 35	FINAL
----------------------------------	-------------------------------------	------------------	-------

immediate termination of access to the workspace and records.

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

**BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES**

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Navy recognizes contractor employees under this contract as Non-Critical Sensitive [ADP/IT-II] when the contract scope of work require physical access to a federally controlled base, facility or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to contractor employees who access Privacy Act and Protected Health Information (PHI), provide support associated with fiduciary duties, or perform duties that have been identified by DON as National Security Positions. At a minimum, each contractor employee must be a US citizen and have a favorably completed NACLC to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The NACLC consists of a standard NAC and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or IT-II position is required to complete:

- . SF-86 Questionnaire for National Security Positions (or equivalent OPM investigative product)
- . Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- . Original Signed Release Statements

Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than 10 years) throughout the contract performance period. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the Navy Command's Security Manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

If the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Authorization Request (VAR) via JPAS or a hard copy VAR directly from the contractor's Security Representative. Although the contractor will take JPAS "Owning" role over the contractor employee, the Navy Command will take JPAS "Servicing" role over the contractor employee during the hiring process and for the duration of assignment under that contract. The contractor shall include the IT Position Category per SECNAV M-5510.30 for each employee designated on a VAR. The VAR requires annual renewal for the duration of the employee's performance under the contract.

**H.2 IDENTIFICATION AS CONTRACTOR EMPLOYEE**

The Contractor shall be responsible for furnishing to each employee and for requiring each employee to display identification as a Contractor employee (i.e. introduction, badge, other identification) as may be approved and directed by the KO. Distinction as a Contractor employee should be available at all times including in meetings with Government personnel, telephone conversations, and in formal and informal written correspondence.

CONTRACT NO. N00178-11-D-6453	DELIVERY ORDER NO. N6945018F3009	PAGE 32 of 35	FINAL
----------------------------------	-------------------------------------	------------------	-------

Prescribed Government identification cards shall be immediately delivered to the KO for cancellation upon release of any employee.

### **H.3 EMPLOYEE CONDUCT**

Contractor employees shall conduct themselves in a proper, efficient, courteous and businesslike manner. The Government will remove any individual from the site whose continued employment is deemed by the Contracting Officer (KO) to be contrary to the public interest or inconsistent with the best interests of National Security.

### **H.4 PHYSICAL SECURITY**

The Contractor shall be responsible for safeguarding all Government property provided for Contractor use. At the end of normal duty hours and/or after normal duty hours, all Government facilities, equipment and materials must be secured.

### **H.5 ACCESS TO PROPRIETARY DATA**

Performance of this effort may require the Contractor to access and use data and information proprietary to a Government agency or Government Contractor which is of such a nature that its dissemination or use, other than in performance of this effort, would be adverse to the interests of the Government and/or others. Contractor and/or Contractor personnel shall not divulge or release data or information developed or obtained in performance of this effort except to authorize Government personnel or upon written approval of the Contracting Officer (KO). The Contractor shall not use, disclose, or reproduce proprietary data that bears a restrictive legend, other than as required in the performance of this effort. Nothing herein shall preclude the use of any data independently acquired by the Contractor without such limitations or prohibit an agreement at no cost to the Government between the Contractor and the data owner which provides greater rights to the Contractor.

## SECTION I CONTRACT CLAUSES

**STANDARD CLAUSES CONTAINED IN THE BASIC MAC SHALL APPLY.**

### **FAR 52.204-2 – SECURITY REQUIREMENTS (AUG 1996)**

### **FAR 52.217-8 – OPTION TO EXTEND SERVICES. (NOV 1999).**

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 calendar days prior to contract expiration.

(End of Clause)

### **09RA 52.217-9 -- OPTION TO EXTEND THE TERM OF THE CONTRACT. (MAR 2008)**

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days prior to completion of the current period of performance; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed three years.

(End of Clause)

### **FAR 52.222-41 -- SERVICE CONTRACT LABOR STANDARDS (MAY 2014)**

### **FAR 52.222-42 -- STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 2014)**

In compliance with the Service Contract Labor Standards statute and the regulations of the Secretary of Labor (29 CFR part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C. 5341 or 5332.

*This Statement is for Information Only:  
It is not a Wage Determination*

Employee Class	Schedule Step	Title	Monetary Wage
GS-11 ( [REDACTED] )	1	Engineering Technician	[REDACTED]
GS-11 ( [REDACTED] )	1	Engineering Technician	[REDACTED]

Note: Based on General Service hourly rate pay schedule for Rest of the United States (except as noted above for Galveston County) effective January 2018. Fringe Benefits are not included in the monetary rates shown in the table above.
